

## **Contact Us Tool**

This document is intended as a Help document to guide you through the Contact Us tool on [www.gesensing.com](http://www.gesensing.com)

Select country and if applicable state/province by clicking on the relevant area of the map. A listing of all the GE Infrastructure Sensing contacts in that area will appear.

See following pages for further description of the fields displayed.

If you have any problems locating a contact, please feel free to email us at [sensing@ge.com](mailto:sensing@ge.com).
